MAYOR OF LONDON

MAYOR OF LONDON

Get kitted out for a warmer home. Don't wait till winter.

If you're a homeowner or private tenant on benefits or a low income you could get a grant of up to £25,000 to improve your home and save on your energy bills to help with the cost of living. Apply at:

london.gov.uk/warmerhomes

Apply for Warmer Homes

How does it work?

1. The programme is open to London homeowners or private tenants who are on low incomes and live in homes with Energy Performance Certificates rated D, E, F or G. If that's you, apply at:
london.gov.uk/warmerhomes
2. We'll then send your application to our programme managers, Retrofitworks, who will assess it.
3. If you're successful, Retrofitworks will survey your home to see what improvements can be made and talk them through with you.
4. Once you've made your mind up, a qualified installer will come round and do the work to the highest standard.

If successful, what could I get?

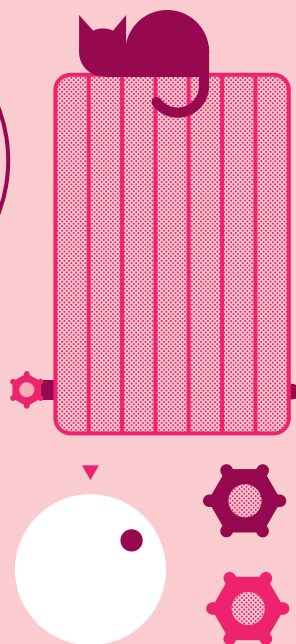

The Mayor is offering a range of free improvements to help reduce your energy bills, make your home more comfortable and greener to run.

What you'll be offered depends on the outcome of your Retrofitworks survey. Your home could receive:

- Roof insulation
- Cavity wall insulation
- External wall insulation
- Floor insulation
- Draught proofing
- Heat pumps
- Renewable energy systems
- Ventilation

It's first come, first served. Apply at:
london.gov.uk/warmerhomes

If you don't have online access, you can call Retrofitworks on: **0800 029 3576**
